

FAQs

What is involve in a Spring Cleaning

- Drain the pond.
- Net the fish and place them in a container out of direct sun.
- Remove leaves and debris.
- Power wash the rock and gravel, starting from the top.
- Clean filter mats and lava rocks/Bioballs™
- Add dechlorinator.
- Return fish to pond

How much will my clean-out cost?

- This is a difficult question to answer, but we try to clean your pond as cost effectively as possible. Each pond is different and has many variables that influence the time it takes to clean such as size, when it was last cleaned and seasonal effects.
- An average clean-out is approximately \$300 to \$500
